

Requisition #: 9900001
Patient Name: Report Sample
Date Of Birth: 03/09/2021 **Patient Age:** 1
Sex: F
Specimen Type: Serum

Practitioner: NO PHYSICIAN
Date of Collection: 12/01/2022
Time of Collection: 12:00 AM
Report Date: 10/21/2025

IgE Inhalant Allergy Test - Basic

Total IgE	Unit of Measure	Reference Range	Patient Value
Total IgE	kU/L	< 97.00	15.00

Allergen specific IgE

Pets

Cat Dander		> 100.00
Dog Dander	*	0.14

Dust/Dust Mite

House Dust Mite (Dermatophagoides Farinae)		60.00
House Dust Mite (Dermatophagoides Pteronyssinus)		20.00

Insects

Cockroach, German	*	0.11
-------------------	---	------

Molds

Alternaria Alternata	*	0.16
Aspergillus Fumigatus	*	0.10
Cladosporium Herbarum	*	0.20

Pollen

Cocklebur		12.00
Common Pigweed		13.00
Common Ragweed	*	0.16
FireBush		> 100.00
Goosefoot, Lamb's Quarters	*	0.14
Mugwort		22.00
Nettle		5.00
Plantain (English), Ribwort		15.00
Rough Marshelder		0.50
Sheep Sorrell		0.50
Bermuda Grass		30.00
Cocksfoot		12.00
Meadow Fescue		60.00

Rye		11.00
Timothy	*	0.17
American Beech	*	0.17
Box Elder		100.00
Common Silver Birch		100.00
Cottonwood	*	0.12
Elm	*	0.13
Grey Alder	*	0.30
Maple Leaf Sycamore, London Plane	*	0.10
Oak		5.00
Privet		0.70
White Ash		0.40
White Hickory		0.50
White Pine		11.00

Reactivity Summary

Very High	Nettle	Goosefoot, Lamb's Quarters
Cat Dander	Plantain (English), Ribwort	Rough Marshelder
House Dust Mite (Dermatophagoides Farinae)	Cocksfoot	Sheep Sorrell
House Dust Mite (Dermatophagoides Pteronyssinus)	Rye	Timothy
FireBush	Oak	American Beech
Mugwort	White Pine	Cottonwood
Bermuda Grass	Moderate	Elm
Meadow Fescue	Privet	Grey Alder
Box Elder	Low	Maple Leaf Sycamore, London Plane
Common Silver Birch	Cockroach, German	White Ash
High	Dog Dander	White Hickory
Cocklebur	Alternaria Alternata	
Common Pigweed	Aspergillus Fumigatus	
	Cladosporium Herbarum	
	Common Ragweed	

- Not Detected	<0.10	Class I	0.35-0.69	Class III	3.50-17.49	Class V	50-99.9
* Class 0/1	0.10-0.34	Class II	0.70-3.49	Class IV	17.50-49.9	Class VI	>100

The results should be interpreted in conjunction with the complete clinical picture, given patient history and presentation, and at the discretion of the medical provider. This test was performed on the Phadia ImmunoCAP.
