

**MOSAIC™**  
**DIAGNOSTICS**  
*Formerly Great Plains Laboratory*

## Shipping Information using Postal Service – for Hair Only Shipments

Your sample should already be packaged into the purple envelope, if not, please do so now. This envelope already has a return address; all you need to do is purchase the stamp and ship it through the Postal Service. If you prefer to track the sample, you may also purchase a shipping label and apply it over the return address. You may put the envelope in the mailbox or bring it to your local post office.

**If you practitioner ordered multiple test kits**, please refer to the shipping method using UPS (or other carriers) and ship all samples together in the same package.
